

Verse 1

You have never failed and never will,
all Your ways are true
Height or depth, life or death,
could never separate me from You

Pre-Chorus

All Your ways are sure and Your promises are true
God, Your word endures. I'll put my trust in You

Chorus

You are who You say You are
You will always do what You say you'll do
You are who You say You are
You have never failed and you never will

Verse 2

No matter where, no matter when I know I can count on You
Joy or pain, sun or rain, weak or strong You will see me through

Pre-Chorus

All Your ways are sure and Your promises are true
God, Your word endures. I'll put my trust in You

Chorus

You are who You say You are
You will always do what You say you'll do
You are who You say You are
You have never failed and you never will

Pre-Chorus x2

All Your ways are sure and Your promises are true
God, Your word endures. I'll put my trust in You.

Chorus

You are who You say You are
You will always do what You say you'll do
You are who You say You are
You have never failed and you never will
